## Holiday Float 2019

### Honoring Veterans + Scanlon's

The Beverly Rotary Club will be on a float in the Beverly Holiday Parade this year on December 1st. We will be honoring our military as well as celebrating the holidays. We will have MILITARY ELVES collecting toys that the crowd donates to contribute to "Kennedy Kares" for TOYS FOR TOTS. Toys will be put into our "sleigh" as we walk the parade route. Won't you help those less fortunate by donating toys to us? Someone will be smiling because of you!

Spread the word, it only works if people know its happening. Please share. Plus extra bonus Bill and Louise Scanlon are co Grand masters of Parade so you know it will kick it up a notch!

### Big Game = Big Bets

For the 121st meeting of Beverly and Salem football game Rotary Presidents get all cocky with braggadoccia. Salem President Mike McLaughlin said in the unlikely event of a Beverly win he would provide free Uber rides for Beverly Rotarians while dressed as the mascot Panther. In addition will offer up his prize winning smile as a parting gift. Dave Olson, Beverly President not to be outdone said if Salem wins he would dress as a Witch, deliver an editorial column on the dangers of sports betting and paper cuts. No smile as parting gifts. Both Mayors Kim Driscoll and Mike Cahill's spokespeople said they were unavailable for comment as they think any wagering should be left to the professionals in social clubs throughout both cities.

### Last Week's Speaker(s)

This week's speaker is Michael Goldstein from North Shore Community College's (NSCC) Year Up Program. Year Up enables young adults to move from minimum wage to meaningful careers in just one year. We weren't there but it sounds like a great program. Dianne Palter Ghost could probably add a few words if you asked her. 3 times the speaker.

### Speakers coming to our club

11/26	Joint meeting with Salem Club and football boosters	
12/5	Hans Gruber	HO, HO, HO!

### Speaker:

Suzanne Graves is a Senior Physician at Garden City Pediatrics in Beverly. She is the President of the Evelyn Lilly Luts Foundation, whose mission is to encourage and support educational, healthcare and research initiatives and continuing education. As President she has worked to get an anti-vaping campaign started with the goal to prevent starting and to stop at risk youth from vaping. Here are some interesting facts she shared: Glycerin is the main ingredient in many vape products. When heated it is the same stuff used for embalming and for formaldehyde.

Flavored vapes contain diacetyl, which obliterates airways. They often contain heavy metals.

75% of people dying from the recent vaping epidemic are people who used vapes containing THC.

30% of MA highschool students have used vape products regularly.

Nicotine effects learning and impulse control.

There is no FDA regulation.

## Last Week's Speaker

Last week's speaker Dr Suzanne Graves gave a n enlightening talk on vaping dangers, especially for youth. The list of carcinogens in Vaping was withering and made you want to turn to a more regulated stimulant like booze. Since it isn't monitored by the FDA the chance for contaminated and bad product is high. Plus high school kids are mighty clever in how they vape during class to get through those 70 minute blocks. Please find out info and talk to teens about dangers.

## North of 40lb Turkey Winner

For those salivating for Turkey, please invite yourself over to Jennifer Farrin of Danvers who works in Lori Cianciulli's office on Cabot Street. She won the Turkey this year. Pictured at left with emcee Mark Munoz and the giant bird. Middle photo is Rotary team trying to figure out how to make a call on that new fangled device called a smart phone without success. Bottom photo is moment right before winning ticket was pulled, and you could cut the tension with a carving knife. Thanks to all who helped sell tickets to unsuspecting suckers as another year passes by without a win for the truly hungry.
