## ONLY A FEW WEEKS AWAY FROM PLEASURE

We will have our next big thing on Friday March 13. We will be entertained by Howl at The Moon a national performing troupe that will get you out of your seats to dance and get jiggy wit it, to quote Will Smith. One of the major benefactors will be the Beverly Library which is looking to upgrade it's teen center and make it more attractive to you's today. At this point have you bought a ticket? Bought a group of ten? Donated some goodies from your extensive collection? You can do any or all of these to make this a great event. For auction items Jackie and Kim are looking for choice goods, services or some other great thing you can donate (or get someone to donate). Only thing stopping you is the ask. With event a few weeks away we need to step up our game and get those items in. Looking for Live as well as silent items. Tickets can be purchased at www.rotaryduelingpianos.com as well as ads, and toe nail fungus if you like. This is our big fund raiser folks let's lets put on that Rotary swing and get this going. If we haven't mentioned yet there will be dancing, dancing and more dancing. Ice for sore hips will be available.

### Women Rule

At far left is a new Women in Rotary pin that Sue Gabriel was sporting, available at fine clubs anywhere. Near right are the triplets of banking who are trying to figure out which bank is oldest, based on query from sgt last week. For those of you who can recall kind of like "The Dating Game" or for you youngsters it would be a youtube video to enjoy for hours. Thanks to Ellen, Sue and Almiris in that order.

### Speaker

Alex Lowrey spoke on if your passion for a specific thing should be the driving force behind what you do for work. Following up after a speaker who told a graduating class that you can do ANYTHING. He brought them back down with the truth. Which was who knows what you are passionate about until you've lived a little. Comparing jobs with speed dating as you try out many things first, and through time will find a niche you like to spend your time doing. You always can spend your free time working on your passion and work into your regular job. As he has told many graduates at Gordon, they may be working in
