# Clean Water Project

To provide you with an update on the Kisumu County Schools Clean Water Project Global Grant. As you know, this project has been supported by a total of eight clubs, in five countries (England, France, Kenya, Wales, and the United States) on three continents - truly an international venture.

The Newsletter has been prompted by the completion of, and payment for, our sixth of thirteen wells - so we are nearly half way there with the project!

You will see from the Newsletter, that it is likely that we will have another Rotary trip to Kenya in January 2020. In all we have been allocated six places by our Charity partner WellBoring, one or two members from your club are most welcome to attend. I will lead the team again for what is likely to be our last trip associated with this very worthwhile project. It would be great to have some Rotarians from the Beverly club with us.

Please let me know if you have any questions arising from the newsletter or the proposed trip.

Best regards  
Rick

You can find the newsletter on your tables, make sure you read between sips of water for best results.

# Ice cream Social and Lobsterfest Day Volunteers

Well readers we are half way there having the Lobsterfest and a booth yesterday. Many of our Beverly citizens come by the booth looking for some gear or free swag to fulfill their empty bags. We don't give out things, we earn things. Things like projects coming fast and furious from our new members. Jillians and Walts back pack project, matt and Connor cleaning up the harbor on paddle boards and Rachel making a little library. No we don't give out squeazy blocks or penny candy, we do more than give. Below are a few pictures our booth with the crack teams in place. One a traditional portrait the other in the language of the day a selfie with including Panama Bob (Butterworth)

# JUMP THE SHARK!

President Dave is our club's own Fonzie as he attempts to do something no other Rotary President has done, or even thought of!

I know you were expecting a shark or at least a shark fin, but due to copy right laws and shark shaming we were unable to secure a shark. But you have me, Charlie Tuna as Rotary spokesperson for President Dave as he attempts to jump, NOT a shark but a tank of goldfish that spew acid. Will Dave jump the tank? Will the Goldfish spew? Will matt critic Dave's skill at water surfing? Stay tuna! Get it Stay Tuna, ha, ha, ha,

Sorry Charlie, only the finest fish get to be a Rotary spokespersons. We secured Dorie from finding Nemo so basically you're out

Charlie here signing out.
