Speaker:
Pete Johnson joined WellBoring in 2017, established the Well Boring Foundation in the USA in 2018 and joined the Well-Boring Board in 2019. He cofounded and built Envirologix in 1996, a biotech company focused on diagnostic tests for the agricultural and environmental markets. Peter and his partner sold the company in 2008; he retired in 2010. Peter is fully engaged in community and service activities, including Habitat for Humanity and other causes for affordable housing. Peter brings to the WellBoring and WellBoring West Africa.

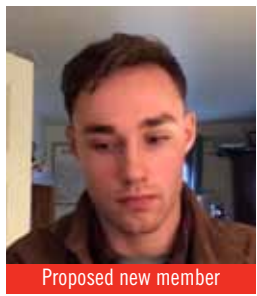

Pete gave a recap on the Well Boring project started a few years ago during Maureen Trefry's term, and done in joint cooperation with Chippenham England Rotary Club.. At this point Beverly has it's name on 4 wells in Kenya that provide clean water to various villages. These wells are located inside school yards to ensure that school age children get fresh water, water to clean floors and any other need. Unfortunately a black market of sorts has cropped up in some areas who haven't secured the wells. Attendance and health rates have skyrocketed in schools which have wells. Plans to expand across Africa to Zambia are in the works.

David Edward at left represents our “spring chicken” version of new member, whereas Barry Sullivan at right represents the “old as dirt” version we’ve come to love. In old days you would sign their books, shake hand etc. Maybe we never do that again. Stay tuned supposed to be inducted next week!

Last weeks speaker

After a brief tech snafu and no Lex in sight, Jackie walked Pete through solutions to fix said snafu. Pete Johnson spoke last week about the on-going fight to bring clean water to Kenyan villages. Our own club is named on plaque for 4 wells. This is all part of WellBoring which we partnered with the Chippenham Club of England. Doing good is what we do best. Yep thats one of our wells below. Enjoy the moistness.

Worldwide Adventures of Handly

Have I told you about my vacation on the archipelagic island of Seychelles? Carla and I wanted to go someplace exotic and remote to recharge our engines after an arduous winter of back logged cases and our girls being very needy. We arrived and settled on Chauve-Souris Cay to begin our adventure. With only shore birds and the occasional Sea Turtle to keep us company we enjoyed our bliss on the beach. Since we were quite alone we decided to forgo western garb and explored free of garment constraints. One night lying on the beach looking up at a pitch black sky and the billions of stars, I commented on the beauty of the Corvus Constellation. A voice behind us corrected my observation with “I believe that is Sagitta”. We covered ourselves with Palm fronds, turned and were surprised to see Neil deGrasse Tyson the famed planetary scientist. I realized my error and we struck up a conversation about Quasars and Pulsars and the effects of Gamma rays on the earth. We found we had a common interests including Post war modern furniture. We spent many hours on the merits of The Bauhaus School of thought over the next few days. Carla and I were ready to leave our slice of heaven after weeks of R&R, and I had to ask “Neil why/how did you get to this remote place”? He said “he took a luigi at Tanzania”. Until our next adventure

Albert 1921

Decide the Doo!

It's been almost a year and time has come for Moiph's hair to be cut. One lucky winner will decide what is the look you want to see on his cabeza!

Moiph 2021

Comparisons to Albert Einstein's hair have not gone unnoticed over the past year. In Albert's honor I will allow one person to dictate what kind of doo (temporary) I get. **Money raised will be put towards the scholarship program**, since Albert would have wanted it that way. This will happen live during a meeting so you can see the result in real time. Haircut will be administered by a qualified beautician with your direction to avoid any mishaps. For those wise enough you could perhaps get two looks as the hair gets cropped down to a pre-Covid level. You can choose from any of these samples or one of your own.

Rush Hour

80's Punk

Moe Howard

Snoop Dogg

Offers for a starting bid of \$100 have been circulating but we can do much better than that. If you can't stomach that kind of bid any amount of donation will be put to the scholarship fund. This is a once in a lifetime event since not sure if hair will even grow back at my age. Only restriction, face is off limit goatee stays, otherwise any kind of doo is welcome. Was hoping to do this event on our meeting of January 28th. Need to confirm with my cutter about safety and safe distance etc, who by the way is Nancy Marciano... YES she of the Carmen Marciano empire.

Look at it this way, easy fundraiser and you don't have to do anything except enjoy the spectacle. Screen grabs are encouraged. Go ahead make my day.

Moiph - aka Albert Einstein, The Dude, George Coster, Professor Longhair, Covid cutie or Jack S, ...
