**100 Years of
Fellowship and Service**

That deserves a Celebration..... and, YOUR Participation!

First, we're having a party to mark the years. That's today, Thursday, February 25th at 7:00 p.m. for a virtual toast to the Club.

<https://us02web.zoom.us/j/81423714450?pwd=aHNWRDZEK0VKYzZXK0d4TDJCTWVCUT09>

Next, we'll have lots of ways throughout the year to serve and connect with the community

O

We want Club members to perform lots of service this year. Let's get out and show **SERVICE ABOVE SELF** in action. Do it with the Club or on your own. Track and report your hours so we can mark every 100 hours. We're planning with the City on a renovation project for the Gazebo on the Beverly Commons as our major project.

ONATE

Let's all give at least **\$100** to the Club this year. You can do it in small **\$10** increments or if you can, in lots of **\$100** increments.

ELIVER

We're planning all kinds of fun ways to mark the year, but we need **YOUR** help. We're planning a scavenger hunt, a time capsule, a big showing at the Holiday Parade, a birthday party at the end of the anniversary year (hopefully) and lots of other activities. Get involved.

OCUMENT

Use your social media to share how much being a Rotarian is important to **YOU**. Let's show the community what we're all about this year.

Wheel of Service

Service Above Self has always guided the Beverly Rotary. This year as we mark our 100th year, we will be making an added effort to log in more hours of service to our community. And, this year we will also be recording the time we spend on service. Some of us are reaching for 100 hours of service.

We will definitely be repeating some of our all time favorite projects like Earth Day celebration, beach clean-ups, Bell Ringing for the Salvation Army, preparing and serving dinners for those in need, and on and on.... This year, we will also have Pop-up events like a diaper drive, Mother's Day cards to senior communities, songs and cookies for healthcare workers changing shift at Beverly Hospital, the sky will be the limit.

Our big service project will be the Gazebo renovation. Headed by, Service Committee chair, Bob Murphy, this massive project will need all of us. Stay tuned for details from Bob.

Rachel Williams has logged in some hours "Making the World a better Place," reaching beyond Beverly to needed projects around the world.

Lori Cianciulli has her list of 100 hours of service ready to go. Check in with her as she may just share a few ideas with you.

Worldwide Adventures of Handy

In my pursuit of dive master classification my instructor Ziggy Tuneswallow suggested the "white whale of dives". He of course referred to the legend of pristine pastries at the bottom of Montevideo Harbor, Uruguay. These so called pastries would have been on the pocket battleship Graf Spee which was scuttled in WWII by the German Navy. Rumor has it Captain Hans Langsdorff was fond of pastries and had a whole stock room filled with the treats. Always looking for adventure we flew down to Uruguay to start our dive. Diving to a depth of 10 fathoms we encountered evidence of numerous attempts to find fabled storage room. We encountered a door labelled Konditorei-Kühlschrank (Pastry Fridge). Unfortunately it was barren, stripped down to the bare shelves. We still had 20 minutes of air so we continued to explore. We came upon a door titled Hausmeister (Janitor). Curiosity of 1940's cleaning methods piqued our interest. At first the latch held tight but we did manage to pry open and much to our surprise, the clever Capt Hans mislabeled the door to throw off those sweet toothed sailors and were shocked to see shelves and shelves of Meißner Fummel, Magdeburger Schmalzkuchen, Schneeballen, Topfenstrudel, Franzbrötchen and the most rare Berliner Pfannkuchen all sealed with German precision. We ferried up a few boxes of Topfenstrudel and eagerly sat on deck looking to open our treasure. I grabbed my Tom Swift knife and carefully opened the package. The cold waters worked as a refrigerated tomb for these delicacies. A gentle poke with my finger revealed the sublime pastries had some springiness to them. The big test was a nibble on one end... the flavor was glorious as Ziggy and I bit into these delights forgotten by the world for 50 years. We gorged on boxes of pastries the remainder of the afternoon. Alas it wasn't all fun and games. The sugar in the cream crystallized over time and Ziggy I started to hallucinate visions of marching pastries in formation to the beat of drums. This went on for 3 days and nights. Whoa, that was one good pastry! I did get my dive master certification after all so it was all in good fun. Until next time or next "trip".

Don Kelley Toast

Just a reminder we will see you this Friday at 530 at the Central Cemetery, East side.

Please park on the Street or in the cemetery area.

We likely won't be long.

The primary purpose of this is to show respect to Meg and the girls as they continue to grieve their complicated loss.

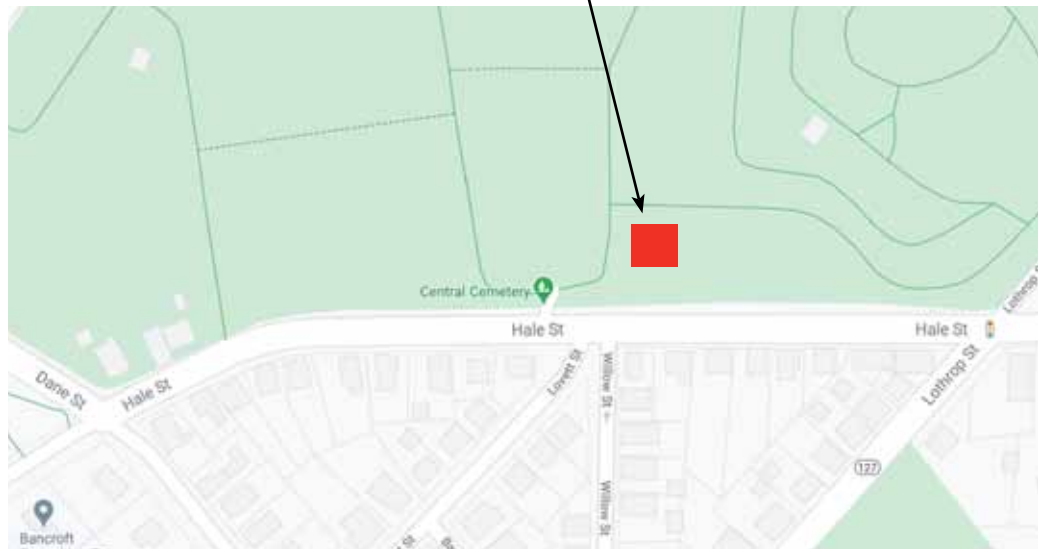

The secondary purpose is to share in our memory and give Don a salute one year after his passing. I think we should toast Jack Good while we are at it. They left two huge holes in our club's heart.

The final purpose is to give us all a chance to hold our own grief and be comforted in each others company after a long time apart.

So bring a drink for yourself, a few of you bring an Irish song, and lets give them a toast and a remembrance.

Any questions please let me know. Thanks. Andrew

HOLY SMOKES!!!!

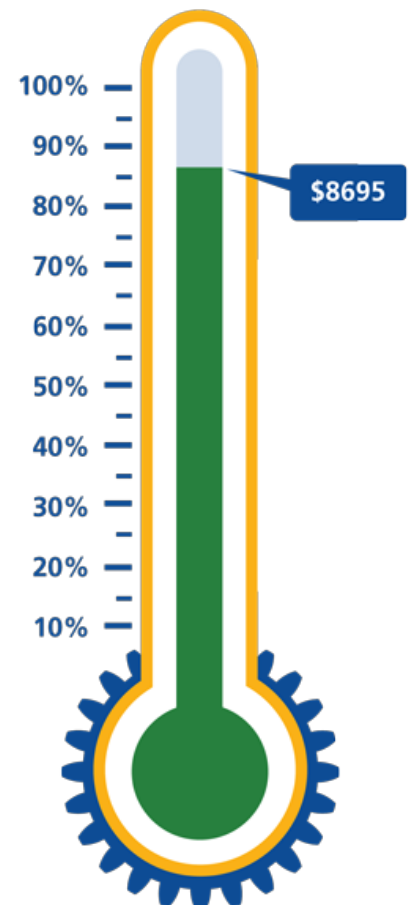

Our plan to receive \$100 from every Rotarian for 100 years is well on its way. Just look at chart and see our progress. Doesn't mean we can slow down if we raise more even better. Keep on rocking Rotary.

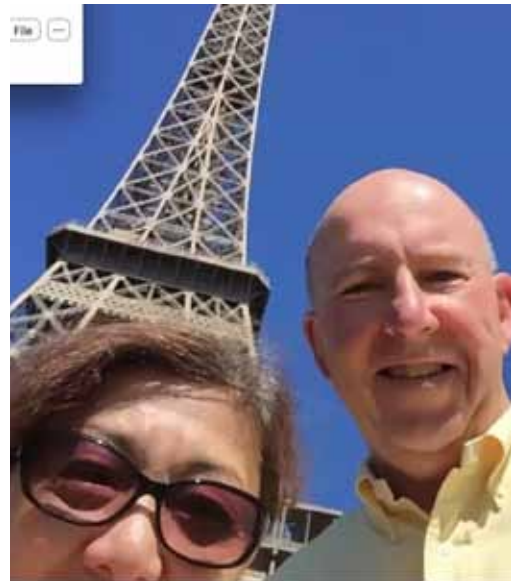

Space reserved for eye strain relief.

We're hoping for \$100 for 100 years from every Rotarian

Goal: \$10,000+

The many faces of speaker Barry Sullivan + Walt's huge finger

Fresh from wayback machine former member/president Barry Sullivan gave us a glimpse what it used to be, what is is now and if you want to buy a helicopter company pony up a cool 300 million. Plus Walt's giganic finger filled the screen and we nearly passed out thinking he had some disease. All is okay except he has a huge finger.
