Last weeks news, Thursday Sept 17.20

Meeting was called to order by Marshall at 12:16pm.

Pledge of Allegiance was led by Rick Mooney, followed by "School Days" song video from Freddie Doeringer with the invocation led by Julie Flowers

"Happy Birthday" was sung for Douglas Peterson (9/19), Meng Lee (9/20), Kim Mannetta (9/20) & Dave Olson (9/21).

Guests:

Dr. Doug Peterson, Kurt Steinberg, Dr. Steven DiSalvo

Announcements:

Mike Jones - tee times have been sent, room for one more foursome, confident the club will make its goal.

Marshall - encouraging Rotarians to view "Around To with Rotary" Youtube video

Sergeant: Diane Howard
Latecomers, Please donate!

All parents of back to school kids please donate!

Happy dollars:

Sue Gabriel - Bootstraps food drive
Ellen Dunn - new grandparent of hippie child
Jack Good - someone in his family did something

Speakers:

Dr Doug Peterson

spoke about his experiences with COVID down in NYC during the early months of the NYC hot spot. He was assigned to report 4 days after he was called to a hospital in Brooklyn after reporting to Fort Dix, NJ. His team had poor success initially trying every possible treatment of COVID. Some of those with various illnesses there was nothing they could do except comfort the family. Many new nursing graduates had a first hand experience with dying patients. He was able to get out into NYC and see nearly empty Times Square and Central park. In scrubs they were applauded by New Yorkers as they walked about their business. His

team after their mission was completely COVID free and no symptoms which speaks a great deal of the precautionary methods they used on the front lines. He took a few questions about his experience and gratefully received thanks from many members of club.

Dr Kurt Steinberg, Montserrat College of Art

Kurt spoke on the work that the school did over the summer to prepare incoming students with the tools and information on how to be safe. This includes staying in smaller pods of students and respecting the people of Beverly by wearing mask at all times when out and about. So far numerous testing has been done with nary positive cases. At this point the school is doing a variety of methods from in class to zoom to teach their students. Any misconduct is treated quickly to minimize student and teacher exposure

Dr Steven DiSalvo Endicott College

Steven spoke on the larger Endicott school and its efforts to be viable during COVID. There students have taken over 7000 Covid test and a very small percentage is positive. Those are quarantined from other population. Like Montserrat strict guidelines are in place to ensure safety for students and faculty alike. Misconduct is treated swiftly and they also have a quarantine area for positive results. 99% of students are adhering to school policies. A very few have been dismissed for not following protocol. Many new rules and policies are in effect, but the school is trying its best to maintain a "normal" school year for its 3000+ students, most of whom live on campus. Interesting fact, Dr DiSalvo, a New York native was contacted by Mayor DiBlasio if the hockey rink was still up and running earlier in the year. This was an option for a possible temp morgue for NYC which was running out of space for the 30K + who died in a few short months. Makes you think, yep this is real.

Meeting Adjourned: 1:25pm

Soups On

Louise, Louise, LOUISE!
I think there's a fly in my soup, and I was looking so forward to a bug free clam chowder for once.

Rotary Work project this Saturday

This is from Suzanne Ryan of Northeast Arc. They need: "volunteer (s) who can help with a small yard clean-up at one of our homes in Beverly....The Patton Center at 16 Hale Street. It's not a huge job...lots of tall weeds to chop down. 2 or 3 volunteers tops." All set up and ready to go, thanks for help and Eric Immerman for setting this up.

Rotary Work project next Monday?

If you fancy yourself as a green thumb come help us plant some mums on Monday the 28th at the Rotary Garden at Montserrat train station. No experience necessary but we do have to limit crowd so we don't get all weird. Time probably around 4:30-5 depending on weather and schedule. Let Moiph know if you can help make our award winning garden go into fall with a fresh face. Some clean up of old flowers will be needed as well. Thanks Mr Green thumb.

100th Year for Beverly Rotary

If you have any ideas of how we can celebrate our 100th year on this earth. At this point anything is fine. Send your idea to either Moiph or Jackie and we'll throw it in the hopper for further though. We are the largest club in our district, lets set the bar high for how to social distance ideas or anything else if we can.

Worldwide Adventures of Handly

On a walkabout near Dismal Bay, Down Under, I came across a Mother Kangaroo and Joey that was being threatened by a pack of Dingoes. Unfortunately the mother was already mortally injured, looked at me with her sad eyes looking for help to save her child. I instinctively grabbed my haversack and made a makeshift pouch to hold the frightened Joey. Not only did I protect the Joey, but used my rudimentary knowledge of Aboriginal predator calls to scatter the hostile Dingo pack. I was able to carry the Joey all the way to safety in Diggerriggerroo, where I set him free. Years later I received a post from the Joey, now named Winston who had just won the lightweight boxing championship of Kangaroo Fight Club. After a successful boxing career, went on to perform at the Sydney Opera House as a tenor. Little did I know saving that young Joey would make a world of difference. Until our next adventure
