Last Weeks Speaker

Sheriff Kevin Coppinger was our speaker last week, all the way from Essex County corrections. Entertaining talk and questions about what the department does and the new mission to get inmates skills to get on track to be productive. many of the inmates have limited education and he is trying to help them as much as he can. Built for 500 + at one point housed 1400 visitors! Its getting better, plus that Jack Good orange can be traded for at least 10 packs of smokes!

Don W. Moran 96

If you new Don he was quite a character. Often times wearing a cowboy hat or pink sport jacket, felt free to offer opinions and thoughts. He was our president in 1983-84, and District Governor in 1987-88. He often times came back to heritage days and spoke of his adventures in Germany at a Rotary Convention as he was mistaken for a even bigger big wig and had the presidential Suite for a short while. Spent his later years in NH at house on the lake. He will be missed.

Lillian Anna Derderian 98

Her husband D.K. was a former President of our club and a very well respected lawyer. Lillian was a force on her own. Please go to this link and read about her life. Quite remarkable as well.

New member John Kenney

Well not really new but last week he showed up instead of zooming, hence the full color pic of Sir John. Now you know what he looks like, so don't bug us with questions like "who's John Kenney, what's he look like"?

HOW DARE YOU TRY!

HEAVY NEWS WEEK PUSHES PREZ OFF COVER!!

Ukraine Help if you can.

If you want to help refugees in Ukraine these are trusted websites. We've learned from listening to Juliette Kayyem is that things like sending clothes half way around the world is not as helpful as sending \$ to relief Organizations. Such as <https://www.unhcr.org/> and the IRC, <https://www.rescue.org/>.

If you think you can just bulldoze my face off cover, you gotta another thing coming!! I'll be back next week with a gang of Irish Hooligan's!

Still trying to secure a non mask version but hell we'll take what we have. no one yelled action so heads are looking left and right. Thanks to Brian DApice who set up shoot with his pal.

With an annual budget of \$75 million, the ECSD houses an average daily population of 1,120. That's 1,500,000 meals a year and 149,760 rolls of toilet paper if you were wondering.

The Middleton Jail and House of Correction was built in 1991 for 500 inmates. Jail is for pre-trial, the HOC for sentences of up to 2.5 years. There is a Women's Holding Facility, Regional Support Services Building, Medical Housing Unit, Programs Building, and Specialized Re-Entry Services Bldg. There is also a Women In Transition minimum security and pre-release facility in Salisbury that houses 24 women.

The traditional mission of correctional facilities has been care, custody, and control with minimum services and high rates of recidivism. Today's objectives of treatment, rehabilitation, and re-entry services focus on root causes of behavior and engage community partners.

Medication-assisted treatment helps inmates kick narcotic habits, and mental health focus is now a priority.

Educational programs include college credit courses from Northern Essex Community College and Merrimack College. Vocational program offerings: barbering, C-Tech, graphic arts, computer literacy, OSHA, financial literacy, and Small Business Seminar.

The ultimate goal is saving lives & families, and making communities safe.

Raffle
took a few tries but doesn't matter no winner anyway.

Meeting adjourned at 1:39 pm.

The Swierczynski Swizzle Schtick

In light of recent world events (which are not light) this weeks drink is one that perhaps you don't actually drink, but surely something you can toss back or forward if you choose.

The name "Molotov cocktail" was coined by the Finns during the Winter War, called Molotovin koktaili in Finnish (we confirmed with Aku from a few years ago). The name was a pejorative reference to Soviet foreign minister Vyacheslav Molotov, who was one of the architects of the Molotov-Ribbentrop Pact signed in late August 1939.

The name's origin came from the propaganda Molotov produced during the Winter War, mainly his declaration on Soviet state radio that bombing missions over Finland were actually airborne humanitarian food deliveries for their starving neighbours. As a result, the Finns sarcastically dubbed the Soviet cluster bombs "Molotov bread baskets" in reference to Molotov's propaganda broadcasts. When the hand-held bottle firebomb was developed to attack and destroy Soviet tanks, the Finns called it the "Molotov cocktail", as "a drink to go with his food parcels".

As you can see not a whole lot has changed since 1939 except for the country of invasion. Ukrainians are making thousands of these to fight the Russian invasion. It seems to be working as the advance has slowed, although it still creeps forward.

Ingredients are simple
3 cups (720 millilitres) polystyrene
2 cups (480 millilitres) grated soap
500 millilitres gasoline
100 millilitres oil
1 cloth fuse
Light and toss at invading army.

If you need a drink just have a beer this week. Simple pleasures. Sorry for the downer this week.
